Hello. My name is Mariia. I'm a professional massage therapist. I have started my career as a massage therapist in 2010. I worked in a fitness club, a beauty parlour, a hospital (physiotherapeutic department) as a nurse in massage therapy. My massage therapy can address problems such as:

- back pains
- neck pains
- headaches due to poor blood circulation
- sore muscles (after intensive workouts)
- various pains due to minor sports injuries (be sure to see a doctor if it's more serious than that)
- excessive weight

or you can simply get a massage to relax and feel rejuvenated reenergized! I'm inviting you for an introductory 30 minute consultation with a trial massage session 50% off.
