

custom 1984 Project Destiny Chopper Bobber Suzuki engine World Famous Multiple Show Winner

Location **South East, Middlesex**
<https://www.freeadsz.co.uk/x-510381-z>

spring Project Destiny Chopper Bobber Suzuki engine World Famous Multiple Show Winner. If it was still winning on the show circuit we would be looking for £18000 + for it .Has been an article in Back Street Heroes and on the Front Page. Has won most prestigious shows in UK and some in Spain. Whilst in our showroom it has brought in people from allover just to see it. Would make an excellent base for a new show contestant or front room wow factor or in window of shop to bring punters in.Low mileage bike that came into us as a runner with mot several years ago but we are now selling as a winter restoration bike and as we are so busy building and repairing bikes that we just don't have the time to spend on it so selling as a non runner.

The bikes chrome is excellent an there is loads of tread left on the tyres, the paintwork is rider quality and is acceptable for everyday use. We are based near Gatwick and can arrange delivery in England for £100 others please ring for.
