Aston Martin DBS V6 Coupe automatic RHD with H approval!  
 Right-hand drive with air conditioning and automatic transmission  
 This item is from the first series of DBS production and symbolizes the tight and simple design of these early cars.  
 This DBS is one of a total of only 787 built vehicles.  
 The vehicle is basically in a mobile condition, but should be restored!  
 The engine starts immediately and runs well. The transmission shifts well and has only recently been revised. The rims are also in good condition. The interior is adapted to the age and should be made.
