

AVTEX L186DRS TV - built in DVD, terrestrial amp satellite receiver, USB record - as new

Location **Yorkshire and the Humber, South Humberside**
<https://www.freeadsz.co.uk/x-510555-z>

AVTEX L186DRS TV - built in DVD, terrestrial & satellite receiver, USB record - as new - 12v & mains For sale a barely used in mint condition Avtex L186DRS 18.5" TV/DVD with inbuilt satellite receiver so can be used with terrestrial or satellite reception, no separate sat receiver needed - just link with a sat cable to your dish, or an aerial cable to your aerial.

Please note that we don't have the table-top stand as we have fitted a good quality adjustable wall mount/arm (cost over £50!) which can be secured in transit or the whole thing (TV and arm) can be quickly and easily removed for storage/whilst travelling.

It comes with the original Avtex remote control, mains and 12v leads, and a downloaded version of the manual.

We're only selling as it's too wide for the wall in our campervan.

You are more than welcome to come and see it working via an aerial but we don't have a satellite dish now so can't show you it working on one but it does work perfectly.
