£1500
FOR SALE

Location : Kent UK SCOTTISH Kirkwall out of Child Star by Bellypha. Scottish is a 9 year old grey gelding who stands about 16.1hh, a very flashy and good-looking individual. He is the winner of 5 races on the flat when he was in training. He last ran on 11 February 2015. His medical history is as follows, He was retired because he had a recurrence of a slight suspensory strain which he had first incurred in April 2014. He was never lame on either occasion but ultra sound scans suggested that we should stop training him on the track. He has an exquisite movement and he would do a dressage test with re-training no problem. We always felt he would be perfect for ROR showing classes but think he is big enough and bold enough to do some jumping to a certain level. Once retired, he went back to his owner in Kent where he has been turned out. However he is bored and needs someone to retrain him and give him a regular working routine and get his second career started. We feel he could do many jobs, our vet David Bartram of NEH, would be happy to write a report on his suspensory lesions. His suspensory was scanned by the local vets in Kent 18 months ago and the results were good. He is a fun and an amazing ride, would lead the string with no nasty habits but he would need someone experienced in dealing with re-training a thoroughbred racehorse. He has no vices. Thanks for taking the time to read up on this lovely boy, we would love to find him a home where he would be used and his potential fulfilled. Price : £1500
