RAPIDO ORLINE FOLDING CARAVAN – GAS HEATING – MOTOR MOVER - 4 BERTH
 Please see for sale my beloved Rapido Orline 39 which I have owned now for approx. 3 years and only 2 previous owners before me. This is a top spec orline, built in 1995 (late model) and comes with a shed load of extra goodies including a Compact 1600 gas hot air heating system, motor mover, original awning (serviceable but could do with replacing a some point), wheel and hitch locks, waist and water bottles, 2 gas bottles, 2 sets of keys, porta loo and chemicals (unused by me and the former owner), service history and all manuals and hand books. Rapido made a few different models of these caravans some included a separate toilet compartment which is handy but you lose so much room and also the other double berth. This unit is perfect for a family with 2 children and towing is very easy as it only weighs at 680kgs unladen. Also very easy to put on, I can do it myself within 5 mins no problem at all. This Rapido caravan is not like some of the others you will see for sale, this has been lovingly looked after, very good condition throughout, everything works as it should and I had it gas tested and the fridge serviced around spring time 2016. I will be sad to see this go, seems to me to be the perfect camping buddy and so easy to store when not in use, no MOT or TAX needed lol, just hook it up and enjoy!!
 Specs are as follows: Body Length 4.20m, width 2.00m, height folded 1.39m, unladen weight 680kgs, max loaded 800kgs.
 Priced to sell, any questions feel free to Call pic showing the caravan down is for illustration.
