Here at A. Hanna & Sons Pianos we have a range of ex-demo and new P45 Digital Keyboards we are looking to sell quickly to clear up space for new stock in our South West London showroom, please get in touch to discuss prices or packages we can put together for you. We promise to beat the most competitive price on the internet! The P-45 represents outstanding value for money. The sound and keyboard response are excellent and the keyboard has a responsive, natural feel together with matte finish black keys for a truly authentic piano playing experience.. It's highly portable design ensures that you don't have to restrict your piano playing to just one location. It has a Graded Hammer Standard (GHS) weighted keyboard, ten authentic voices and a host of useful features, including digital reverb and duo mode. This is great for teacher/student practice sessions. The feel of the keyboard gradually changes according to the register, so that it feels heavier when playing bass parts and lighter when playing treble parts, just like an acoustic piano.

With a slim and stylish casing with a depth of less than 30 cm, the P-45 requires very little space and, at only 11.5 kg, it can be easily moved anywhere in your home or used for performance outside. The Yamaha P45 improves upon the traditional AWM synthesis system to deliver stunningly close to real piano sounds. AWM is a technology that uses digital recordings of original instruments and allows you to experience a realistic grand piano sound wherever you are. As a bundle for £383.00 we can throw in: Portable Digital Piano Bundle FREE Delivery to ground floor in box 2 Year factory guarantee Adjustable scissor style stand Adjustable scissor style stool Stereo headphones Condition: New Dimensions: 154mm Height X 1,326mm Width X 295mm Depth Weight: 11.5kg Finishes: Black Colour: Black Pedals: 1 Keys:
