New pre-supply fuel pump and relay
 New front anti-roll bar bushes
 New front flexi shaft
 New manifold (with swirl flaps)
 New sensor
 New injector on cylinder #1
 New heater resistor pack
 New updated crankcase breather (vortex)

Bad bits:
 Some parking scuffs and age related marks.
 Intermittent fault on parking sensors, every now and again they don't work.

Drivers seat leather worn.

I've owned the car for 1.5 years, she's been a great workhorse, only selling as I've upgraded to a newer model.

No timewasters, I'm not interested in a swap or part exchange. Viewing by appointment only. Proof of insurance will be required for you to test drive, otherwise I will.
