Hello I am a professional painter and decorator(29), working in Bristol. I am either looking for a 1 bed house/flat or house share in or near to Bristol I have a little van so can be within about a 20 mile radius of Bristol. I am clean, tidy, reliable and work full time. I have two very friendly and well behaved cats, so would need access to some outside space. Would also be interested in any other accommodation options such as static caravan, living boat etc. looking to move as soon as possible. References available. Kind regards
