Should professional, interactive websites be the domain of larger organisations? We don't think so! we feel that every business should have the opportunity to benefit from professional, attractive web and physical marketing, gaining all the advantages, without costing the earth! Having the time and knowledge to invest in developing and maintaining a strong brand image and attractive, up to date website can prove difficult for most smaller business, we're here to help. Our introductory managed website package starts at just £35 a month, we also offer a wide range of other packages and services designed to help our customers get the most out of the digital world for a reasonable price. So whether your looking into a new Brand, a new website, or possibly just some tweaking to help push you up search engine results, please look through our services and get in touch All our websites are... Approved First - We will work with you to create a website you're happy with before we even issue an invoice! once you're completely happy we'll put the site live, and only then will you be charged. Fully interactive - providing customers with professional, flowing, attractive looking websites. Tested cross-platform - We test all our sites on a variance of screen sizes and browser types. Ensuring your site will transition seamlessly across all devices Flexible - We understand that in the first weeks of a websites life, it may need to make numerous changes, for that reason we offer unlimited changes on all our web packages for the first 2 months. Our Customers - Unlike many developers, we dont self-brand or copy write our customers sites, we believe that if you buy it from us, it's yours, and shouldn't come cluttered with our branding and back-links. Search Engine Optimized - We endeavor with all our websites to ensure that they are found correctly through search engines, we work with our customers to ensure best practice is followed to push the site up the results pages! Unique - All our websites are different - based around our customers taste's and

requirements, we achieve this by utilizing a number of development platforms to achieve a best fit solution. Responsive design - We ensure that our websites are fully integrated with social media, YouTube, Facebook, Twitter, LinkedIn, and other social media platforms. We also offer a range of services including SEO, content writing, and social media management. Our packages are designed to be flexible and scalable, allowing you to grow your business as you go.
