White, 5+ owners, The Triumph America is a cruiser with real cred – it harks back to the Thunderbird and other Triumphs modified in the States in the 60s and 70s. It’s a competent motorcycle too, a pleasure to ride and well put together. It’s surprisingly nimble around town and competent to quite rapid speeds on back roads – certainly capable of outpacing its rivals. This one comes with two tone seats, a rear carrier, saddle bags, screen, heated grips and scottoiler. The North West’s finest family run motorcycle dealership, £4,500 p/x
