I am a licensed mobile tattooist working predominantly in London and along the south coast. I have been a creative graphic artist from a very young age and turned my hand to tattooing more than 13 years ago.

As a mobile Tattooist; I offer a friendly, personal, Hygienic service, Perfect for you to get inked in the comfort of your own home at a time that suits YOU.

I have found this is good for customers who are too busy or nervous to visit a studio, and that seeing clients in their own homes is much more relaxing, and private for them. I will be offering a wide range of tattoo services to clients. As well as offering Tattoos from the comfort of your own home. I will also offer the services of Tattoo Party's, Motorcycle Events & Shows.

I specialise in creative and fine line tattoos travelling all over the country to meet some amazing people. I have heard some amazing stories and helped people remember them forever through my work.

My customers often come to me for unusual designs, something special to them, sometimes something that wouldn't mean anything to someone else but is deeply personal to them.

I always work closely with my clients to understand their desires and help create their perfect design, something they can treasure for the rest of their life.

Please have a look through my gallery, its likely there isn't exactly what you want but it may inspire you and hopefully you will see how much effort, care and time goes into what we create together.

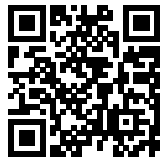

Please feel free to contact me with any questions you have, I may not answer straight away but i will get back to you as soon as I can.

I look forward to hearing from you.
