This is Betty, my lovely TB mare who is available for full loan to stay at my yard in Portbury BS20. Im looking for a light weight rider who wants to hack, school, have lessons, maybe do a few local unaffiliated shows and generally enjoy time with Betty. She's very safe to ride, she can be a little spooky but you always feel safe when on her back. She's very loveable and cuddly and im looking for someone who has the time to give her the TLC she deserves. She is on my yard between Portbury and Clapton in Gordano with my other mare and 2 other liveries so there are people to ride with. There is good hacking locally, nearby arenas available to hire and I have transport for the odd outing :) For more information and to come and meet my beautiful girl get in contact. All the best
