

Rover Mini 1995 (4,500 GBP)

Location **South West, Gloucestershire**
<https://www.freeadsz.co.uk/x-525325-z>

Rover mini cooper in Green and white. M reg 1995 and only 63000 miles. 12 months mot with no advisories, body work immaculate. The car comes with built in Sony cd player and speakers. Black half leather interior with a walnut dash finish. Built in alarm immobiliser with locking wheel nuts. I have had a full service every year including new fuel filter. Recent work I've had done is new front window seals, new alternator, 2 rear tyres and a couple of subframe rubber mounts fitted. I use it for work everyday and is in great working condition all round. A cracking example of a mini for this age. A must see. Any questions feel free to get in.
