

Natural Afro hair advisor- hair type establishment, management, Maintenance, length

Location **East of England, Hertfordshire**
<https://www.freeadsz.co.uk/x-527051-z>

Thinking about going natural but don't know where to start? Gone natural already but struggling to maintain your hair regimen? Hair doesn't seem to be growing? Unsure you are doing the right thing with your hair? What your hair type is? We can help! Having years of experience with managing and enjoying our natural hair we have the ability to professionally advise you on how to start, continue or adjust/improve your current hair regime in relation to your long term hair goals.

We offer 1-2-1 consultations lasting an hour each that incorporate all the must knows a naturalist should know. We also offer personal maintainance experiences where you can experience first hand our advisors using our tried, tested and proven methods on your own hair. For customers that are out of London or unable to make the time to meet we also offer 1-2-1 Skype conferences where particular subjects of interest to you can be covered or various questions on multiple subjects can be answered.

1-2-1 Consultation (for 1person) Includes

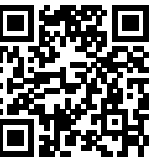

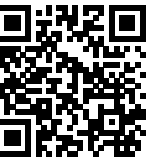

Hair advisor:

- *Establishing what your hair type is and explaining what this means for you.
- *advising realistic expectations for your hair type.
- *highlighting imperative do's and don't's for healthy hair Maintenance, growth and length retention (salon advice, swimming, sleeping, daily styling, maintainance, products, equipment, etc).
- *describing in detail, and if necessary demonstrating on herself, the effective methods for washing, detangling, hair treatment application, bed styling, hair drying, stretching, swimming, ect.
- *advising what order hair treatments should be completed in.
- *showing, describing and advising the best tools/equipment and shops to acquire hair accessories and

essentials
 advise you on how to protect your hair in relation to your hair type and recommend the products that you should use long term. We also advise you on the stages of your hair growth and how to manage your hair in the future. We also advise you on how, where, when and who to attain knowledge regarding your hair in future.
