Palmlands Enigma (Cody) is a 10 year old, 14.2hh part bred QH who needs a terrific home where he will get regular work as this is a boy who will become bored if only ridden out once or twice a week. Due to a nasty incident, he does suffer Tractor anxiety. We have worked with him to improve this and he is now OK when following a tractor, but does still get anxious if the tractor is coming towards him. He is improving but we cannot say he will ever be free of this nervousness. He is a sweet natured, hard working boy, but his new owner will need to be mindful of this issue. For an informal chat, please give us a call after 6
