

Stunning dark wood stowaway dining room table with four chairs, originally from Dwell

Location **London, London**
<https://www.freeadsz.co.uk/x-531562-z>

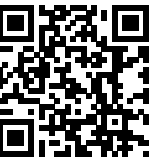

Gorgeous round dark wood table with 4 faux leather chairs that tuck neatly underneath, brilliant for space saving. When we purchased there was a rip in one of the chairs which we've been told could be fixed with a leather patch kit. Other than that, it's exactly as we bought it! We're moving house next weekend so we'd love a quick sale!! Open to any:)
