

1983 HONDA XL125R FIELD BIKE FOR SPARES OR REPAIRS (450 GBP)

Location **South West, Somerset**
<https://www.freeadsz.co.uk/x-531640-z>

Honda XL125R field bike made in 1983 with no v5 although checked with "icarcheck" and come up with no issues (bike comes with original number plate (y reg) but no V5 documents).

Will need complete refurbishment I would guess although engine does fire, rather loud and lumpy though as no air filter or exhaust fitted. Bought as a project in 2011 and although some minor work was done refurbishing some parts it has mainly been gathering dust so has to go as I need the space.

When I bought the bike it was only used off road although most of the original road parts come with the bike (see photos). Bike is missing some minor parts but could be put back on the road with work. As it is it will still need work to use even off road but modified with longer swing arm and fat tyres should be pretty useful off road once done. Original clocks show around 10,000 miles. Suspect that the barrel has been bored out to 185cc so you would need to check this before road registering.

Sensible asking price (worth more in parts) so NO OFFERS and NO TYRE KICKERS as I really dont have time to mess around (kids please take note....).

Delivery possible within Bristol area and if you cover the cost of my time and.
