2017 Autotrail Imala 715 -Greater flexibility and extra living space

Built on the 4 metre Fiat Ducato chassis, the Autotrail Imala 715 employs the extra length to incorporate a fixed "French bed" and large front lounge for separate living and sleeping spaces without the need to climb a ladder to get into bed.

2017 Autotrail Imala 715 - Spacious and adaptable

A permanent 'French' bed is complemented with a parallel rear en-suite in the 715, creating a division between the living and the private sleeping area. The kitchen is situated in the centre of the vehicle with the spacious lounge to the front, which when used in conjunction with the swivelling cab chairs can easily accommodate six.

The corner washroom and shower alongside the fixed bed gives the Imala 715 an "ensuite" feel while the kitchen is located centrally, opposite the wardrobe, to further enhance the sense of distinction between bedroom and lounge.

2017 Autotrail Imala 715 - Media Pack:

Integrated 18.5" Avtex drop down widescreen TV/DVD player incorporating digital and satellite tuners
