A lovely spacious caravan which has been looked after. The front seats convert into a good sized double bed and the dinette section makes into two bunk beds. The L shaped kitchen is equipped with a full size gas cooker and fridge. The bathroom has a good shower, toilet and wash basin. The heating can be powered by electric or gas and there is an outside electrical socket and BBQ point. . I replaced the heating unit and water pump last year.

The caravan comes with a 1 yr old Dorema all weather awning and loads of accessories, including a water container and waste water collector, alko hitchlock, alko secure wheel lock, 2 gas bottles and electrical hook up lead. In fact everything you will need to get yourself started. The awning is fitted with interlock flooring.

This is a bargain as the awning and accessories are in excess of £1000.
 Viewing is at weekends only. The caravan is currently sited in mid
