Welcome to Tony the Tumble-Dryer King.!!!

Why spend more than you need to for a tumble dryer for your home.?

For as little as £80.00 you can have a fully working, fully-serviced vented tumble dryer, with a 3 month warranty for internal failure.

But you're not just getting the tumble dryer, you're also getting the peace of mind of knowing that your machine is fully-serviced before you get it to ensure that it starts its life with you in perfect working condition

If you buy a new dryer on monthly-payments, by the time you've finished paying for it you'll have a three year old dryer, with no warranty and no service back-up.

With Tony the Tumble-Dryer King that won't happen.

From day one you'll get excellent service in the unlikely event of a breakdown & problem-solving help by phone, email & Facebook.
