

The Smart Bunker for Animal Feed (199 GBP)

Location **Northern Ireland, County Down**
<https://www.freeadsz.co.uk/x-542749-z>

Animal Feed Storage

The problem difficult to clean the bottom of feed bins, Also with damp rising crating condensation in the base soaking into the feed,
 Storing feed bags with damp rising, Warm weather bags sweats, Vermin and pest major problem. Smart Bunker solves all these problem plus more, Feed stored 2 feet of the ground no damp, Can be stored indoor or outdoors waterproof. Can be fixed or use as mobile feed bunker. Easily assembled (approx. 5 minutes) Stackable 8 units per pallet to reduce shipping cost Fully Vermin proof, also a vermin trap is placed inviting the vermin in next morning less. Scales placed to weigh out the correct amount of feed.

No waste

When empty can be fully washed down before refilling.

Using the old feed first rotation the feed.

The SmartBunkerTM, an innovative storage bunker with a spring-loaded side lever which releases stacked product at the bottom of the container, where, for example, a bucket can be placed instead of having to use a shovel or scoop. The Smart Bunker is a simple solution to an age-old problem.

Jo Sinclair, Malvern, Worcestershire

'I have had my SmartBunker since March and to be honest, I have no idea how I was happy with my feed storage before that! It was very easy to set up, is extremely solid and takes up much less space than my old metal bin. I instantly realised that I wouldn't be wasting any feed or have to break my back trying to get the last bits out of the corners. The chute system is genius and means that the oldest feed is used

first and there is never any old or contaminated feed in the bunker which means I can make sure that my animals are getting feed that is all time fresh. Fully sealed and waterproof so you can keep it outside and there is no chance of any moisture getting in. What a brilliant idea. Well done Smartbunker.
