Looking for a replacement leather belt strap for your removable buckle? Our high quality and affordable men's business top grain leather belt will not crack or peel.

Unlike 'genuine leather belts', the cowhide leather of this belt is used on the surface of the belt and not hidden underneath a layer of synthetic leather. Made with top grain cow-hide leather, this leather belt is perfect for daily users of leather belt.

Both sides are made from high-quality top grain leather with no PVC leather coating, which makes it extremely flexible and durable.

Be assured with our 1-year guarantee against cracks and breakages!

Choose from seamless and with seams design.
