

Genuine Sinar P amp F lens panel - Top Hat aperture control - 10mm raised Copal No.1

Location **West Midlands, Warwickshire**
<https://www.freeadsz.co.uk/x-546555-z>

I have a raised Sinar brand lens panel that used to house my 180mm Symmar f5.6 lens in a Copal No.1 shutter. The lens was sold devoid of panel as the shutter was only partially functional. Speeds below 1/8th seem to be executing at 1/60th or so.

The panel is fairly well used and it is notable that the ears no longer lock the aperture position in the desired setting.

I will post pictures tomorrow 24th August to depict the condition in more detail.
 Collection is possible from Stechford Birmingham, however postage is reasonable at £5 inc tracking and.
