On offer is my old favourite, Oakley Rucksack. It is a single, double zip compartment rucksack with 3 internal pockets & a key hook.
 2 external zipped side pockets, to which my wife has added a water bottle sleeve to one of them. A front Velcro closing compartment. The usual fully adjustable straps with attachment "D" rings.
 I have removed 2 personal circular badges from the front (no damage done) & tried to get them to show on a picture, but from a photo, they are indistinguishable, but are slightly visible to the eye, but certainly no detractor from the rucksack itself, which I feel is in good nick. There is also slight fraying on the decorative yellow stitching on one side pocket, again no detriment. Measurements are, H-43cm x 35cm x 24cm (empty) Don't know the litre capacity, but food, drinks, waterproofs, maps etc are swallowed up. I've tried to be as honest as possible for a used.
