2 Flight tickets to Orlando Florida from Birmingham - 289 depart-return 1210 via Thon

Location West Midlands, West Midlands https://www.freeadsz.co.uk/x-548666-z

My daughter had a holiday booked to Orlando Florida for 28th Sept 2017 to 12th October 2017 with the flight requirements booking through Thomson Holidays.

She is now unable to make the holiday and has had a refund of the accommodation booking but now needs to sell on the flight tickets to someone who could benefit.

There are two return tickets for the said dates. Thomson have confirmed that they are transferable and so pose no problem for the purchaser. Any fees applicable will be covered by my daughter. The flights include extra leg room (an extra £80 surcharge at the time of booking).

Offers around £590 will be seriously and promptly considered..

The flights cost £1200 in total but she is prepared to accept a loss on them so is offering the pair for £620 o.n.o. all in with the name transfer fee included.

So, grab a bargain and take a couple of weeks to enjoy some Florida sunshine and holiday lifestyle.
