Debonair Kingsize Bed with sprung base and drawers by Relyon.  
 It has a Lambswool topper that is warm in winter and cool in summer.  
 As new, although it has been used.  
 2 Big drawers on both sides of the bed.  
 It has a Damask pattern and is a good quality fabric in cream and light yellow.  
 It has NO headboard.  
 The bottom of the base in the foot area there is a small lip for show purposes and also lets you know which end the foot end is at.  
 It is a soft mattress but very supportive and has a sprung base, better than Memory foam. Ideal for people with bad backs.  
 I got it originally because my legs kept going dead on normal and memory foam mattresses. It cost well over £2,000.00 Unfortunately they don't make this type anymore.  
 It has been turned regularly and has no dips in the mattress as you can see from the pictures.  
 If you are considering buying it when you come, please bring at least 3 large chaps with you, because the mattress is very heavy. (It's got 2,300 springs in it) The base splits in two for easy transportation.  
 Selling due to new single bed arriving in the next 3 weeks.  
 It has been well looked after and covered with a plastic mattress cover since new as well as hoovered regularly. No stains or tears on the surface of the mattress, but a small scuffed patch on the offside drawer, this was how I bought it originally.  
 Drawers are spotless inside, no broken runners, base etc. They appear to "float" like the fancy kitchen
