I am a retired financial accountant and auditor with 2 years in-depth residential home-, assisted living- and support work caring experience with a top agency. I am degreed to post graduate level with an additional Bachelors degree in Psychology. I offer private full time live in care anywhere in Devon. As more senior myself and with a psychology background I deeply understand the mental- and emotional needs of those advanced in years. As high level manager for most of my life I am precise and detailed in ancillary "running-the-home" matters. My wife (also University degreed and with 2+ years high-level caring experience) offers full 24/7 back-up to my service to ensure no breaks in live in care provision to yourself. Up-to-date CRB disclosure available as well as possession of full driving.
