

## mohonia bush and two trees (32 GBP)

Location **South East, Oxfordshire**  
<https://www.freeadsz.co.uk/x-550895-z>

A healthy mohonia bush flowers in Winter and stays green all year can grow very thick and large when in the ground, at present in a pot and about 4ft high. Would make good screening when in ground. Also two trees I believe one is a Cherry tree and one unusual with dark blue berries in the Summer which birds love to eat at present about 5ft tall. Trees £10 each Mohonia & pound
