If you are not eligible for this course, we are still able to offer you a course which is fully funded by the advanced learner loan. This is the government's way of offering people who are not eligible to study for a free course. It's not work-related, but you won't get a salary for 2 as most of our courses are designed for beginners. The advanced learner loan grant is easy and a great way to study without paying anything, its very similar to student finance you only start paying it back when you start to earn over £21k and even then the repayments are very small so it wouldnt affect you too much. If you would like more information on this please do get in touch.
