

Beds, custom made (250 GBP)

Location **North, Cheshire**

I am moving and I shall not need these beds I had made for my children. They shall be available from December once my contracts have been confirmed. A deposit it welcome if you would like to secure and will be refunded in the unlikely event that something should happen on my end of the sale. The triple bunk has held 3 teenage girls and only has a broken strip on back/side which is an easy fix and has no affect on use. It will need either painting or staining as I never got round to doing it. It stands at around 6ft high and fits regular single mattresses. £250 The cabin bed comes with carpeted stairs and storage room underneath for either play or toy storage (storage and drawers not included) the cars can easily be filled in and painted to suit your taste. £200. Mattresses are not included up to now. Collection.
