

Cockalier puppy for sale- 13 weeks old (450 GBP)

Location **West Midlands, West Midlands** https://www.freeadsz.co.uk/x-559892-z

13 week old cocker spaniel cavalier king charles spaniel mix puppy. He is the most perfect dog. A beautiful ruby colour with a cute white tuft on his head. Regretablly having to sell him due to my daughters asthma acting up around him. He is hypoallergenic but a small amount has obviously triggered my daughter who is very sensitive. He is up to date with all vaccinations, micro chipped, health checked, wormed and flead. He is playful and active and needs a loving home.

We have a crate, food, puppy pads and toys that can be sold with him.
