BRAND NEW AND BOXED LUMINOX 3057.WO SWISS WATCH, USED BY SPECIAL FORCES AS NAVY SEALS. RRP £325

The Luminox Navy Seal Colormark range was designed to develop further options for people that liked the original Faststrap series.

The heart of the watch is a Swiss Quartz movement, with date function, protected by a tempered mineral glass covering the white dial with tonal white hands and numerals, with gas tubes on the hands and markers, for unbeatable low light visibility. Surrounding the dial is a polycarbonate case, famous for its lightweight properties, that is carbon reinforced to give it fantastic strength to withstand the demands of the US Navy Seals. To achieve this, it is highly durable, as well as being water resistant to 200 metres. The watch is fastened on a black rubber strap.
