

# Indesit WIDXL 126S Washer Dryer Silver (80 GBP)

Location **South West, Gloucestershire**

Bought this from ebay 3 months ago. It all works and is a great washing machine, but we have decided we would prefer a separate tumble dryer, so I am now selling it again.  
 Replaced wobbly door hinge , now perfect. The inlet hose looks a bit tatty on the outside but works perfectly Other than that it is a good machine. It is very quiet, and washes things really well.  
 Buyer will have to collect obviously as its a bit heavy :)Item location, GL114DS
