Popular roundback semi acoustic lightweight guitar. Works amplified but could really do with a Pick-up upgrade Would suit as a second guitar, travell guitar and be great as a first guitar to learn on as narrow neck for eas of grasping chord positioning and slightly smaller body with the added incentive of plugging into an amplifier. Sounds amplified , but tired. May change when I get time but until then advertised AS IS for now. Offers always listened to. Ad will be revised when fault is rectified and selling price altered See our other Ads and enquire as also keep from time to time \*\*\* Used Practice amps, Jack Leads, Gig Bags, straps etc etc\*\*\*
