Very pleased to announce that our beautiful Boston babies are now available for viewing.

They are the cutest and most well behaved puppies. They have been well socialised and have been brought up in an environment with children. They're just too adorable.

They have been wormed every two weeks from the age of two weeks. They're mother also wormed with panacure whilst expecting her wonderful babies.

They will come with their full KC paper work, they're microchip number and a bag of food which they have been reared on. Also their first inoculation.

There are three boys and one girl available as I am keeping the other girl.

Colours

2 red champagne boys

1 red boy

1 chocolate girl

Please call at any time puppies will be ready to leave the 15/12/17. £200 deposit secures your puppy.
