I am a qualified accountant with over 15 years experience in accountancy, bookkeeping and tax compliance. I have been responsible for managing the accounts of several middle size companies, and providing tax compliance and advising services to a portfolio of other clients for the last 7 years.

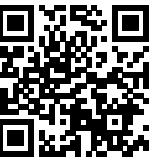

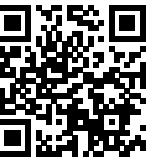

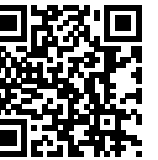

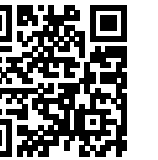

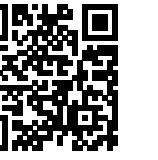

I understand how accounts work and I can help you set yours up efficiently. Whether you are starting a new business, are self-employed, a sole trader, or simply need help on filing your yearly self-assessments, I can guide you.

I offer a friendly but completely professional accountancy service tailored to your needs.

I am honest and my goal is to provide you with exactly the service you need at a fair fee.

Please call my number below for a free initial consultation, we can chat through your situation and what it is you are looking for. I can be flexible too on meeting times, these can be arranged for during the week & also on weekends and evenings.

Whatever accountancy / bookkeeping help you need, no matter how small, just give me a call and we can talk it.
