16 h Irish sports horse project for sale. She has done basic schooling however requires a bit more work in canter as struggles. Lives to jump. Can hack alone and I'm company but is very nappy alone and four months back took of with a novice rider when she spooked since then she has been out with experienced riders and is fine but does get a little fizzy alone in open spaces. Has been to clinics and shows very well behaved she just needs a confident experienced rider to take her that step further. Can be a typical mare under saddle hence why she needs a experienced rider can explain all her quirks and provide videos and pics.

owned since a yearling so sad sale would like to stay in contact with the new owner I just lack confidence to take Her where she needs to
