SPW Tree Surgeons is a family run business based in Surrey, established by professional tree surgeon Steve Willis in January 2012 after over 10 years experience in the industry.

We cover the South East of England and specialise in all forms of tree surgery as well as ground clearance and fencing.

We are an environmentally responsible business and recycle 95% of all materials created in our line of work.

Our reputation in this field speaks for itself and we are highly sought after, we believe in customer satisfaction and the quality of our work supports this work ethic.

Qualified, friendly, fully insured and experienced, you will not be disappointed.

All estimates are carried out free of charge, so please feel free to contact us and discuss your requirements.

Tree surgery can be dangerous and whilst we are confident in our level of expertise, it is an assurance to our customers that we have £5 million in Public Liability Insurance as well as being regulated to British Industry Standard BS 3998.
