

Concrete and Screed Supplier

Location **South West, Dorset**
<https://www.freeadsz.co.uk/x-568280-z>

A family run business for many years and growing every year.

We have just had a brand new concrete and screed batching plant installed in the yard at Poole, Dorset which allows customer collections from the yard with no lengthily waiting. Just park your vehicle underneath the chute and use the screen to select your mix and amount then pop your card in to pay and away you go concrete/screed dispatched within very few minutes.

We also deliver concrete and screed throughout Dorset and other areas but please feel free to contact us on the numbers provided for a quote or booking.

Our experienced drivers provide a fantastic service to help anyone and everyone pour with ease. With the mix on site fleet of vehicles we carry it means your mix will be freshly made on the spot ready four pouring straight away.

We provide concrete pumping services for those job that cannot be easily accessed by our mix on site vehicles. Our pump is a combination pump with a boom to go over obstacles and a line pump that can be run along the ground. We offer competitive rates to all of our customers.(please call office or email for quotations).

Please feel free to contact the office either by phone or email for any further information or.
