If film lights your fire, you are passionate about ideas or just want to be part of making a major documentary on women, then WORLDwrite could be exactly what you're looking for this year. Interspersed with archive, the film will have interviews with all generations of women and their families, to discover how far women have advanced and explore the breakthroughs. This is a rare opportunity to enjoy a brief introduction to filmmaking while gaining direct, hands on camera and production experience. Everyone gets credited and we offer opportunities to meet industry professionals too. Whether you have never picked up a camera or are a seasoned film Director, our doors are open to everyone at WORLDwrite. There will be an introductory session on Monday 26th February 2018 at 7.30pm at our centre in Hackney, London E5. Everyone interested will need to apply here: <http://www.worldbytes.org/become-a-volunteer/> The charity also offers internships and work experience placements. Thank you so.
