You could say that our V-Series provide guitars with a brand name at a price you would expect from a noname. But V-Series guitars offer a lot more than ultra-affordable prices. By getting a guitar with the Ibanez name, you also get the assurance of Ibanez quality, sound and set-up as well.

This guitar was a shop demonstration model and has a few small scratch marks on one side. I bought 5 Guitars when the new models came in for christmas-hence the price.

Production model guitars are hit & miss, most are all right, some are just terrible but some are really nice. This is a really nice one. If you want a really good entry level guitar-You won't do better than this. Come and see/hear for.
