Garden Planters Pair Antique, Pair of antique garden planters with angels. THE HOSTA'S ARE COMING THROUGH! Absolutely beautiful when in full growth (see pics). Both planted with variegated and plain hostas, with a few small narcissi and hyacinths. These are very heavy and you will need assistance to collect them. No offers please, these are worth every penny. Suit a stately home or manor. Perhaps easier to handle now as they haven't started growing yet. Item location: Cheddar,.
