English Vintage 1930 to 1950's Britains Ltd. Hollow Cast Lead toy Kangaroo Wildlife Animal Model from Zoo Series. Model Number: 902.

There is no damage to the casting of the model, which retains its original paint work. There are some rubs to the paint and some areas where the paint has flaked off. Overall the kangaroo is in very good played with / play worn condition given its age.

Please study the photographs provided to make your own assessment regarding the condition of this item.

This is a private sale from a pet and smoke free home. The kangaroo has been with the family since it was purchased new.

The kangaroo is approximately 5.5 cm high and approximately 9.0 cm long.

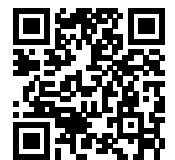

I would prefer the buyer to collect, and pay cash on collection please. However, I would be willing to post to a location within the United Kingdom, at the buyer's own risk, for an additional £4.00. In this situation I would make every reasonable effort to pack the kangaroo carefully so as to help ensure its safety. Regret no returns accepted.

I also have a small number of other vintage Britains lead animal models for sale which are well worth considering. If buying more than one item from me I would be happy to post them together and only make one charge of £4.00. Thank you.

Note: Items which contain lead are hazardous and should not therefore be given to children under 14 years old. Although originally manufactured as a toy, subsequent UK legislation means this kangaroo model is now intended for adults.
