English Vintage 1920's to 1950's Britains Ltd. Hollow Cast Lead Toy Lion Wildlife Animal Model Number 910 from Circus or Zoo Series.

There is no damage to the casting of this model, which retains its original paint work. There are some rubs to the paint and some small areas where the paint has flaked off. Overall the lion is in very good play with / play worn condition given its age.

Please study the photographs provided to make your own assessment regarding the condition of this item.

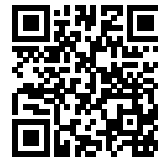

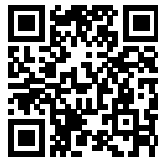

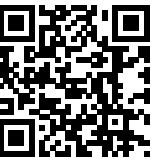

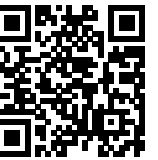

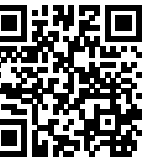

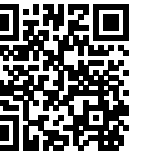

This is a private sale from a pet and smoke free home. The lion has been with the family since it was purchased new.

The lion is approximately 5 cm high and approximately 6.5 cm long.

I would prefer the buyer to collect, and pay cash on collection please. However, I would be willing to post to a location within the United Kingdom, at the buyer's own risk, for an additional £4.00. In this situation I would make every reasonable effort to pack the lion carefully so as to ensure its safety. Regret no returns accepted.

I also have a small number of other vintage Britains lead animal models for sale which are well worth considering. If buying more than one item from me I would be happy to post them together and only make one charge of £4.00. Thank you.

Note: Items which contain lead are hazardous and should not therefore be given to children under 14 years old. Although originally manufactured as a toy, subsequent UK legislation means this lion model is now intended for adults.
