Here we have the outright beast that is the Honda CBR1000RR in Repsol colours, and she looks outstanding in any light! This bike has covered 25,315 miles, 6 services recorded, & will have a fresh service & MOT before she leaves the shop to go to her new owner. The R&G tail tidy, along with Casey Stoner & John McGuinness stickers really add a little something to the look, as well as stainless exhaust. This model also has USD forks, along with a nearly new set of Metzeler Sportec M7RR tyres are great, bags of feel & grip! So when you have these tyres & Tokico radial brakes, this thing stops as quick as it starts! The front indicators are integrated onto the mirrors which hopefully mean more people are going to see your turning intentions. For added security there is Honda's HISS system. These machines are not for the feint hearted, and in the right hands are truly a magnificent weapon, for the rest of us they are just a pleasure to ride with bags of power to spare! Established in 1980, DC Motorcycles is one of the longest established motorcycle showrooms in the Huddersfield area. In stock are many New & Used bikes, & we offer finance with MotoNovo Close Brothers & Black Horse, so finance can be arranged & settled on your behalf. We also have full workshop facilities available. There is a full stock of clothing, protective equipment & many accessories on our top floor so why not pop in for a coffee and browse our stock in our purpose built.
