

Triumph Bonneville 2015 (6,195 GBP)

Location **North, Cheshire**
<https://www.freeadsz.co.uk/x-586067-z>

What a lovely looking machine we have for you here! It is of course the Triumph Bonneville 865 in stunning metallic black with chrome and silver highlights. The bike can always be seen on the classic Gentlemen's ride outs that take place, & what a stunning piece of kit this really is. The bike has modern benefits with lots of original touches to keep it looking original like the idle advance that looks like an original choke unit! The dual exhausts really add authenticity to the overall look which also adds a beautiful sound to such stunning looks. This particular model has alloy wheels rather than spoke wheels which is the usual choice on bikes like these. As standard on these models you also get Nissin brakes along with a centre stand, and you also have adjustable levers so no matter how big or small your hands are, there will be a setting that "Suits You Sir" The bike also has 4 services so that's a full service history, stunning looks and as much retro style as you can handle! Established in 1980, DC Motorcycles is one of the longest established motorcycle showrooms in the Huddersfield area. In stock are many New & Used bikes, & we offer finance with MotoNovo Close Brothers & Black Horse, so finance can be arranged & settled on your behalf. We also have full workshop facilities available. There is a full stock of clothing, protective equipment & many accessories on our top floor so why not pop in for a coffee and browse our stock in our purpose built.
