

Lombardo 3000 folding bicycle (80 GBP)

Location **West Midlands, Staffordshire**
<https://www.freeadsz.co.uk/x-586124-z>

Brought this for the wife last year but it only got used once. Been in garage since. Has been cleaned and oiled and checked
 Comes with metal basket and rear bag.

Product Details

Hand Made in Italy

The Folding 3000 takes a bike and compacts it for easier carrying, transporting, and storing. If you have a long commute and can't do it on a bike, the Folding 3000 can be thrown in the car and you can park between work and home.

This practical design doesn't lack functionality with 6 speeds, fenders, and rack. This not only lets you get in a workout, but it also saves gas, money, and lowers carbon emissions.

The Folding 3000 is ready to be taken on the go. Bring it with you on the train, bus, in the trunk of your car or on an airplane. If you are short on space for a full size bike, the Folding 3000 is a great choice for you too - store it in your closet or in another convenient place, and when you are ready to ride, simply unfold it and off you go!

This folding bike is a great choice for shorter range commutes and for partial commutes, where you ride

your bike to the bus or train, and then again from the station to your office. Another great feature of this is that it is lightweight and keeps in the trunk of your car. You are always ready for a ride. We have the desired bike that fits you.

It is hand-crafted to make a bike out of aluminum frame with a rigid fork and 24" alloy wheels. It features a 6 speed Shimano Drivetrain with a Revo Grip Shifter, aluminum components, fenders to keep you clean and a rear rack for carrying some of your gear.

- FEATURES**
- #Frame: Aluminum 6005
 - #Fork: Rigid
 - #Gears: 6 Speeds
