NXT MOTOR FF860 FLIP UP HELMET WITH VISOR

The NXT FF860 Flip-Up Full Face Motorcycle Helmet with Visor are packed with features...

Helmet Specifications Include:

- Supreme Aerodynamic Polycarbonate Shell Construction - Professionally designed with quality and safety in mind. Our polycarbonate shell of the FF860 helmet protects you from serious injuries.
- Built-In Sun Visor - FF860 has an easy to locate switch on the left side of the helmet activating it, enables the drop-down built-in sun visor that protects your eyes from heavy sun light without sunglasses.
- Air Vented - There is an air intake vent on the chin and the sides of the FF860 helmet that provide exceptional airflow throughout the helmet which eliminate fogging on the visor and insure you stay cool

even on a hot summer day.

Positioning of the visor can be adjusted to the rider's preference. The FF860 visor is made of clear polycarbonate and has a scratch proof coating. The visor is held in place by a strap that can be adjusted to the rider's preference. The visor is held in place by a strap that can be adjusted to the rider's preference. The visor is held in place by a strap that can be adjusted to the rider's preference.

- Scratch Proof Visor - All our FF860 visors are manufacture using special coating that allows them to resist scratching caused by light or other small airborne impacts.
- Removable Lining - Removable and washable liner and cheek protection pads allow to remove and wash them when needed.
- CE 22.5 Approved - FF860 helmet meets the standards set by European regulations for safety, making it road legal in both the UK and Europe.
