Online design easier and more affordable than you think. As with the usual operation with the designer here you also get the opportunity of a personal designer for personal consultations. Modern communication technologies enable us to be always in touch with our customers. It allows us to realize all your wishes and dreams of a harmonious space of your home or office.
 HOW IT WORKS: All communication between client and designer to be made via emails. The client will need to send floor plans with measurements of each room that needs to be designed (designer will explain how to make the floor plan and which measurements to take). Also the client will need to send photos of the existing room and answered questionnaire provided by the designer.

Concept board (Mood board, Furniture plan, Elevations, Shopping list) - £70 per room

3D Sketch (Minimum Interior Design Package) - from £100 per room (Photorealistic 3D Visualization
